

Alfasud sprint

A Sprint tradition

As in the case of all Alfas, the Alfasud has entered the racing world. In few years, the Alfasud collected a hundred of victories in its class on race tracks and over rally courses. The Alfasud Sprint is born from this sporting experience. It is a coupe with its roots in the Alfa Romeo Sprint tradition; it is both a true sports car and a true family coupe. It has a top speed of 170 km/h, covers one

kilometre from rest in 33.6 seconds, and has a compact and smooth line with a low centre of gravity which ensures road holding and therefore is extremely safe. At the same time it accommodates four people, offers the silence of the Alfasud which is so much appreciated in the saloon, has a spacious luggage compartment and offers maximum comfort for restful and safe driving.

Technical characteristics

Sprint 1.5

Cylinders	4 opposed
Bore mm	84
Stroke mm	67.2
Cubic capacity cc	1490
Power kW/rpm	62.5/5800
Power HP DIN/rpm	85/5800
Torque Nm/rpm	120.6/3500
Torque kgm DIN/rpm	12.3/3500
Wheel base mm (ins)	2455 (96.6)
Front track mm (ins)	1397 (55)
Rear track mm (ins)	1364 (53.7)
Max length mm (ins)	4019 (158.2)
Max width mm (ins)	1610 (63.4)
Max height unladen mm (ins)	1305 (51.4)
Weight in running order kg (lbs)	900 (1987)
Max towing weight kg (lbs)	940 (2075)
Max speed km/h (mph)	170 (106)
Tyres	165/70 SR 13
Number of seats	4
Electrical system Volt	12
Tank capacity litres (imp. galls)	50 (11)
Boot dm ³	325
